SUMMARY

Summa Cum Laude Computer Engineering graduate from Bulacan State University - Meneses Campus with hands-on experience in full-stack web development, IT support, and embedded systems. Completed Cisco courses in cybersecurity and threat management, with practical exposure to hardware troubleshooting, workstation deployment, and system administration through two internships. Civil Service eligible and eager to contribute to a dynamic IT team.

EDUCATION

Bachelor of Science in Computer Engineering,
Bulacan State University (BulSU) - Meneses Campus

- Summa Cum Laude
- President's List (May 2026, June 2025), Dean's List (May 2024)
- General Weighted Average (GWA): 1.11

08/2022 – 06/2026
TJS Matungao, Bulakan,
Bulacan, 3017

EXPERIENCE

Intern, PrimeWater Infrastructure Corp. - City of Malolos

- Assisted in encoding, updating, and tracking customer job orders using CSUMS and SAP systems.
- Built, disassembled, and reformatted computer system units
- Resolved technical concerns for employees including system errors and software issues

06/2025 – 07/2025
Malolos City, Bulacan

Clerk, Bulacan Provincial Information Technology Office

- Assists colleagues with their work and requests
- Maintained inventory of computer devices and peripherals flagged for disposal
- Computer troubleshooting, cleaning, assembly and disassembly
- Installed and configured government-mandated software across office systems
- Deployed and configured computer workstations across multiple government departments

06/2024 – 07/2024
Provincial Capitol
Compound, Malolos

SKILLS

Web Development
HTML5, CSS3, Tailwind CSS, MySQL, JavaScript and PHP

Programming Languages
C, Python and Java

Hardware and Systems
Computer Assembly, Workstation Setup, Hardware Troubleshooting, and Networking Fundamentals

Tools
Github, Figma, Visual Studio Code, IntelliJ Idea, Canva, and Microsoft Office 365

COURSES & CERTIFICATIONS

Civil Service Commission (CSC) Examination – Professional Level,
Civil Service Commission of the Philippines

05/2026

Introduction to Cybersecurity, Certificate of Completion, Cisco Networking Academy

12/2025 – 12/2025

Cyber Threat Management, Certificate of Completion, Cisco Networking Academy

Industrial Cybersecurity Essentials,
Certificate of Completion, Cisco Networking Academy

Special Program for Employment of Students (SPES), DOLE & PESO

- Certificates of Completion - 08/2024 & 09/2022

PROJECTS

Bulacan State University - Meneses Campus Website (MCW),

Full-Stack Web Development | HTML, CSS, JavaScript, PHP, MySQL

- Collaborated in a team to develop a CMS website for Bulacan State University – Meneses Campus as a final project for Software Requirements and Specifications (SRS), allowing students and staff to view campus announcements, news, and events.
- Led backend development, designing and implementing the database and server-side logic supporting up to 1,000 records, alongside an admin panel for managing posts.

ChanTech, Full-Stack Web Development | HTML, CSS, JavaScript, PHP, MySQL

- Collaborated in a team to develop a pitch website showcasing the Aegis of Cyberprotection, a cybersecurity product proposed as a thesis project, aimed at promoting digital protection solutions.
- Implemented client-side form validation using JavaScript, enforcing input rules such as character restrictions, minimum length, and password complexity requirements for the authentication system.

Arduino-Based RoboCar,

Embedded Systems | C/C++, Arduino IDE, Arduino Uno, Ultrasonic & IR Sensors, L298N Motor Driver

- Collaborated in a team to design and build an obstacle-detecting robocar powered by dual Li-ion 18650 batteries, integrating ultrasonic and IR sensors for real-time environmental awareness.
- Led the programming and physical assembly of the system, developing the sensor logic and motor control algorithms using Arduino IDE.
